NEWS FROM MR. BLUE

Due to staff reductions, we are unable to support the Social Studies elective program in History and U.S. Government for the school year 1976-77. This means that all classes that we originally signed up for will be converted to regular History and Government classes depending upon the grade level of the student. We are planning, if possible, to reinstitute this program for 1977-78, if circumstances permit. The transition will not cause any difficulties for students who signed up for the elective program.
